## Purpose

This guide will help individuals or groups submit mobile food unit (MFU), seasonal temporary food (STF) stand, and seasonal permanent food (SPF) stand plans to the Minnesota Department of Health (MDH). Construction, equipment, and physical facility standards outlined in this guide are Minnesota Food Code ([www.health.state.mn.us/communities/environment/food/rules/foodcode/index.html](http://www.health.state.mn.us/communities/environment/food/rules/foodcode/index.html)) minimum requirements.

In Minnesota, different agencies license MFU, STF, and SPF. The menu and location of operation determine which agency is responsible for plan review, licensing and inspection. To find out which agency is responsible, visit the MDH Licensing ([www.health.state.mn.us/communities/environment/food/license/index.html](http://www.health.state.mn.us/communities/environment/food/license/index.html)) website or call MDH at 651-201-4500.

**MDH does not review plans or license mobile food units and seasonal temporary food stands that do not have scheduled events or areas of operation in MDH jurisdictions.**
