

2022 Minnesota Antibiotic Stewardship Conference: Using Data for Action

May 10-11, 2022 | 8 – 11:30 a.m. CDT | Virtual*

Day 1 agenda: May 10, 2022

TIME	SESSION
8:00 A.M.	<p>Welcome Jacy Walters, PhD, MPH Manager Healthcare-Associated Infections/Antimicrobial Resistance Section Minnesota Department of Health</p>
8:10 A.M.	<p>How Phage Therapy Impacted My Patient’s Story Gina Suh, MD Assistant Professor Mayo Clinic Division of Public Health, Infectious Diseases, and Occupational Medicine Founder and Director Mayo Clinic Phage Therapy Program</p>
8:25 A.M.	<p>KEYNOTE SESSION – Identifying & Tracking Opportunities for Prescribing Improvement Sarah Kabbani, MD, MSc & Melinda Neuhauser, PharmD, MPH Office of Antibiotic Stewardship, Division of Healthcare Quality Promotion Centers for Disease Control and Prevention (CDC)</p>
9:25 A.M.	<p>BREAK</p>
9:30 A.M.	<p>Empowerment Through Education: Leveraging Tele-Antimicrobial Stewardship Zahra Kassamali Escobar, PharmD, BCIDP Associate Medical Director University of Washington Tele-Antimicrobial Stewardship Program (UW-TASP)</p>
10:20 A.M.	<p>CONCURRENT SESSIONS</p> <ul style="list-style-type: none"> <p>Establishing a Tele-Stewardship Program Within a Large Health System Tina Khadem, PharmD, BCPS Clinical Assistant Professor of Medicine & Pharmacy Director UPMC Health System Antimicrobial Stewardship, University of Pittsburgh Medical Center</p> <p>Antimicrobial Stewardship: A Review of The Joint Commission Standards Tiffany Wiksten, DNP, RN, CIC Associate Director, Standards Interpretation Group, Division of Healthcare Improvement The Joint Commission</p>
10:50 A.M.	<p>BREAK</p>
11:00 A.M.	<p>CONCURRENT SESSIONS</p> <ul style="list-style-type: none"> <p>Pharmacy Centered Interventions for LTC Antimicrobial Stewardship Programs Alex Neukirch, PharmD Community Pharmacy Services – Gretna, NE</p> <p>Methodologies and Measures for Tracking Antibiotic Use in Outpatient Settings: Creating Order Out of Chaos Lexi Thumann, PharmD PGY-2 Infectious Diseases Pharmacy Resident – Abbott Northwestern Hospital</p>
11:30 A.M.	<p>ADJOURN – Networking (optional) until 12 p.m.</p>

Day 2 agenda: May 11, 2022

TIME	SESSION
8:00 A.M.	Welcome Mohammed Abdalla, MBBS, MPH, MBA Epidemiologist Healthcare-Associated Infections/Antimicrobial Resistance Section Minnesota Department of Health
8:10 A.M.	Update On Antibiotic Stewardship in Minnesota Mari Freitas, MPH CSTE Applied Epidemiology Fellow Minnesota Department of Health
8:25 A.M.	KEYNOTE SESSION – The Winding Path Towards Antibiotic Stewardship David Hyun, MD Project Director, Antibiotic Resistance Project The Pew Charitable Trusts
9:25 A.M.	BREAK
9:30 A.M.	Driving Factors of Disparities in Antibiotic Prescribing: Providers, Patients, and Geography Eili Y. Klein, PhD Associate Professor, Department of Emergency Medicine Johns Hopkins School of Medicine
10:20 A.M.	CONCURRENT SESSIONS <ul style="list-style-type: none"> • Swish and Swallow: Antibiotic Stewardship in Dentistry Katie J. Suda, PharmD, M.S., FCCP Professor of Medicine and Pharmacy & Therapeutics Associate Director, Center for Pharmaceutical Policy and Prescribing University of Pittsburgh Schools of Medicine and Pharmacy • The Role of the Medical Director with Antibiotic Stewardship in Nursing Homes George Schoepfoerster, MD Past President, Minnesota Medical Directors Association
10:50 A.M.	BREAK
11:00 A.M.	CONCURRENT SESSIONS <ul style="list-style-type: none"> • Antimicrobial Stewardship during the COVID-19 Pandemic: You Lose Some, You Win Some Priya Nori, MD, FSHEA, FIDSA Medical Director, Antimicrobial Stewardship & OPAT Associate Professor of Medicine & Orthopedic Surgery Montefiore Health System, Albert Einstein College of Medicine, NY • Building the Data Pyramid: A practical approach to modeling outpatient antimicrobial prescribing data Kelsey Jensen, PharmD, BCPS, BCIDP Antimicrobial Stewardship Pharmacist Mayo Clinic Health System – Southeast Minnesota Region
11:30 A.M.	ADJOURN

*All sessions will be livestreamed.

Learning objectives

Improve antibiotic stewardship in Minnesota through:

1. Understanding the importance of tracking antibiotic use and approaches to using data to improve prescribing practices.
2. Recognizing the benefits and challenges of tele-stewardship as an antibiotic stewardship tool in different care settings.
3. Identifying approaches and data sources needed to accurately assess disparities in antibiotic prescribing.

Stay updated

Please refer to [2022 Minnesota Antibiotic Stewardship Conference \(www.health.state.mn.us/communities/onehealthabx/event/asc22.html\)](http://www.health.state.mn.us/communities/onehealthabx/event/asc22.html) for the most up-to-date information on registration, speakers, topics, and continuing education.

Check your email post-event for a link to the online conference evaluation.

Proof of attendance documentation will be available upon completion.
