

Sisters of St. Joseph of Carondelet

St. Paul Province

Commissioner Jan Malcolm
P.O. Box 64975
St. Paul, MN 55164-0975

April 20, 2018

Dear Commissioner Malcolm,

Does it matter if St. Joseph's Hospital in St. Paul closes? When Health Partners (HP) and its hospital, Regions, recently requested an additional 100 beds requiring an exception to an existing hospital building moratorium, in S.F. 2892 / H.F. 3202, we became alarmed at how this seemingly simple exception could impact our whole state. We ask that this legislation not be voted on until the Minnesota Department of Health provides a complete and thorough assessment of this exception's impact on healthcare delivery in Saint Paul and the State of Minnesota.

We are concerned that this exception could result in the loss of:

- St. Joseph's Hospital in St. Paul. (That would be a loss of approximately 200 active beds and about 1400 employees.)
- 105 inpatient beds in St. Paul dedicated to caring for patients experiencing mental health and chemical dependency crises.
- St. Paul's only Catholic Hospital.

Long term, we believe this legislation could limit access, harm patients, and hurt area community hospitals while directly benefitting Regions/HealthPartners over its competitors. This includes people suffering from mental health and addiction issues.

I am deeply concerned about the urgent need to DENY Regions Hospital to add 100 additional beds. As a Sister of St. Joseph for 76 years and a professor emerita of St. Pater with many local and national connections, I see the great need for St. Joseph's Hospital to continue to help the needy. The proposed addition to Regions could help Regions, harm the sick poor, and be a disastrous step toward a national trend to help the wealthy and deny the poor.

In the 165 years since the St. Paul Province of the Sisters of St. Joseph of Carondelet (CSJs) founded St. Joseph's Hospital, we have given our lives in service to our "Dear Neighbors" most in need throughout St. Paul, Minnesota and beyond. We are concerned that this decision could disrupt healthcare services statewide.

Sincerely,

Dr. Mary Ann Hanley, CSJ
