Help!

Why can't I buy this item with my WIC Card?

Here are the 3 things to check...

1 Is the item WIC allowed?

Use the My Minnesota WIC App or the Shopping Guide to check if the item and package size are WIC allowed.

2 Is the item included in your food benefits?

3 Do you have enough benefits left?

If it is NONE of the above...

The item may not be correctly entered in the WIC system. If a food is not scanning as WIC allowed, the cashier cannot override the system. You will need to select another item.
