

## Support for Parents. Savings for You.

### BREAST/CHEST PUMPS AND ACCESSORIES

With our competitively awarded medical products contracts, you can order breast/chest pumps quickly and efficiently. You'll have a choice of models that include top picks among public health agencies. You'll also benefit from contract pricing that makes the most of WIC grant funds. MMCAP Infuse is here with ready-to-use contracts, so you can be there for parents.

- Easy access to a broad selection of breast/chest pumps, plus accessories, from multiple manufacturers.<sup>1</sup>
- Competitive pricing that allows you to stretch your budget.
- A medical products distributor credit (shareback) that can be applied to future purchases made by your facility, issued annually based on purchases.

**We're here to help. Connect with your MMCAP Infuse Senior Healthcare Consultant.**

1. WIC regulations define eligible products.

## BREAST/CHEST PUMPS AND ACCESSORIES

### HOW IT WORKS

#### STEP 1

Activate your MMCAP Infuse membership.  
Begin by completing a membership application.

#### STEP 2

Establish accounts with one or more of our vendor partners using your MMCAP Infuse member ID number.

### ORDERING METHOD

Order from one or more medical products distributors.

Prior to selecting products or placing an order, contact the medical products distributor to validate your agency's WIC status and lift the restricted status. Following validation of your agency's WIC status, you will be able to view WIC contract prices. Please refer to WIC regulations regarding eligible products, as not every item in a catalog qualifies.
