

Level 3 and 4 Criteria Work Group

Charge

- Review the Level 3 and 4 Trauma Hospital Designation Criteria and consider whether modifications are needed to accommodate the workforce demands placed on the trauma system.
- Identify initiatives that have the greatest potential to remove barriers to the best possible care and improve outcomes for trauma patients across the state.
- Priority to keep in mind:
 - Patient care/safety
 - Integrity of trauma system
 - Health of the hospitals
- Make recommendations to the STAC.
