

Infant Health & Mortality Prevention Grant – Year One Progress Report for CHB Nonprofits

Reporting period: Year 1: April/May 2024 – June 30, 2024

Grantee name:

Date:

Person completing the report:

Report due before or by September 1, 2024. Please send by email to your grant manager.

Please record responses to the following questions as they apply to your work during this reporting period. For questions 1-4, only answer if you are planning/doing activities within that area of work. Answers may be in short bullet point format or paragraphs.

Categories	List of Activities
<p>1. What activities have you completed so far to address <u>social determinants of health</u>? <i>Examples could include increase transportation access for pregnant and postpartum people to health services, increase access to safe/affordable housing, programs to engage fathers in pregnancy and birth.</i></p>	
<p>2. What activities have you completed so far to address <u>pre-term births</u>? <i>Examples could include increase access to prenatal care, home visiting services, prenatal groups, mental health screenings for pregnant people, innovative models for perinatal health care.</i></p>	

Categories	List of Activities
<p>3. What activities have you completed so far to address <u>sleep-related sudden unexpected infant death (SUID) prevention</u>? <i>Examples could include safe sleep education & promotion, distribution of safe sleep materials and resources (e.g., cribs, educational materials, and pack n' plays), cradleboard creation, and breastfeeding support, including peer support programs.</i></p>	
<p>4. What activities have you completed so far to address <u>congenital malformations (birth defects)</u>? <i>Examples could include increase access to multivitamins during pregnancy, increase awareness of birth defects through education.</i></p>	
<p>5. What strategies are you using for outreach and recruitment in your priority communities? How are these strategies going so far?</p>	
<p>6. How do you provide culturally specific and equity-based approaches in your programming to meet community needs?</p>	
<p>7. What is going well so far in your programming? Any initial successes?</p>	
<p>8. What challenges have you encountered during this reporting period? What could help to address these challenges?</p>	

Categories	List of Activities
9. What are you most excited about in your work plan for the next 3-6 months?	
10. Have you made any changes to the original work plan? If so, what prompted these changes?	

Staff Training and Development

Categories	List of Activities
11. What trainings, conferences and/or professional development opportunities have staff members completed during this reporting period?	
12. Looking ahead, what are the training needs for your staff to support the goals of the grant program?	
13. What support would be helpful from MDH as you continue to grow your program?
